Description

Skin is the revolutionary karategi for kumite. Since 2010, it has pioneered microfiber as an innovation in kumite karategi fabrics, creating a global trend that is now replicated by every brand.

It owes its name to the innovative, lightweight fabric made of microfilaments, almost impalpable, just like a second skin: Skin.

In addition to the classic [white version](#), Skin is also available in a [set with two red/blue jackets](#) and in its latest version with a reversible jacket: red embroidery on one side and blue on the other.

With Skin REVERSIBLE, everything is reduced to the essentials: time, cost, space: Skin REVERSIBLE to always be ready! WKF Approved for

all international Karate1 competitions, Continental and World championships.

Fabric: Ultralight microfiber +/- 120gr/mt
